

It is the policy of 901D to provide products and services that consistently satisfy the requirements and expectations of our customers. The company operates an ISO 9001 / AS 9100 Management System to support this policy.

The Management System is regularly reviewed for adequacy, and for its ability to meet established objectives in pursuit of:

- Building quality into all products and services
- Delivering all products and services on-time
- Continually improving all products, services and processes.

901D management is firmly committed to this policy, and mandates its implementation throughout all levels and functions of the organization.

Frank Duvergne
Chief Executive Officer
